

# EMEIA CITRIX environment - Guidelines

Please bear in mind the following usage guidelines while using the CITRIX test environment:

- All patient data must be anonymized prior to uploading it onto CITRIX
- You are aware that CITRIX is solely for evaluation purposes and for non-clinical testing of new, upcoming features
- No clinical use of CITRIX is allowed
- Users cannot use this evaluation environment to produce research work and publish results in the literature or congresses, unless otherwise explicitly allowed by Varian
- Varian reserves the right to withdraw your access to CITRIX in the event of non-compliance with these guidelines
- The evaluation period is limited to 90 days in accordance with compliance regulations
